

Interdisciplinary Graduate Program in  
**Molecular & Cellular Biology**

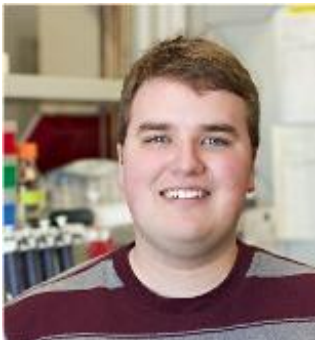

*Fall 2014 Workshop & Seminar Series*

**"Human Pegivirus modulates NK cell function  
by inhibiting IL-12 signaling pathways"**

**Ernest Chivero**

Molecular & Cellular Biology Graduate Student  
Stapleton lab

**"Cdk7 is required for proper mRNA capping  
and regulated RNA polymerase II elongation"**

**Kyle Nilson**

Molecular & Cellular Biology Graduate Student  
Price lab

**Please note  
special time!**

**Thursday, November 20  
1:00-2:00 p.m., 1289 CBRB**
